A donor audit for Walk Trust 390 · 2026-10-19

$10,600 a year is at risk

16 donors who gave $10,600 in their last year of giving are past their own usual time.

52% of the 115 donors who gave in 2025 gave again in 2026.

310 gifts read from 313 rows, 3 skipped because they had no readable amount, date or donor.

60 donors have one gift on file, so there is no usual time to be past. They are not in these groups.

Call this week · 1 · $500 a year

1 donor who gave $500 in their last year of giving is past their usual time. Call this one this week.

Past 1.25 times their own usual gap between gifts, and no more than 1.75 times it. A donor who gives every December is judged by December, not by a count of days. Ranked by what they gave in the year up to their last gift.

Percival Ashgrove **$500**
Two gifts on record, 7 months apart. Nothing for 9 months.

Call this month · 0 · $0 a year

Nobody is further past their usual time, and no recurring gift has stopped.

More than 1.75 times their own usual gap and not yet past the lapse line, or a recurring gift (marked recurring in the file, or a steady monthly rhythm) whose last payment was within the last year and has not come since.

Nobody.

Probably gone · 15 · $10,100 a year

15 donors who gave $10,100 in their last year of giving are past the lapse line. They are here so you know, not as a call list.

Quiet for more than 2.5 times their own usual gap, or more than 24 months, whichever comes first. The same line Steward uses.
